

Rachel Bartz , Assistant External Relations Manager

With a BA in Environment and Business from the University of Leeds, Rachel built her knowledge of risk management, carbon footprints, and energy auditing with a focus on CSR and sustainability.

Since joining Dubai Carbon in March 2012, she has contributed to the successful delivery of various initiatives leveraging her skills in project management, organisation, administration, and corporate branding and communications.

Rachel is accredited in the PRINCE 2 methodology and ISO14064 Standard for GHG emissions, reductions quantification, monitoring, reporting and verifying.
